

Name _____

OBSERVE YOUR FAMILY'S ENERGY USE

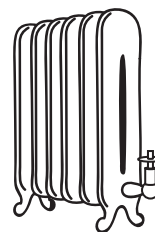

You and your family can help save energy! Look at the pictures below. Write the name(s) of the people in your family (including you!) who you see using that energy. You will use these observations to write a story about saving energy.

Computer

.....

Heating/AC

.....

Light

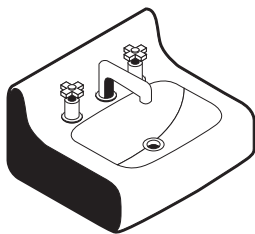

.....

Television

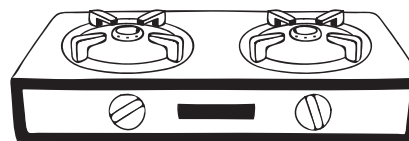

.....

Running Water

.....

Stove

.....

Think It Through On the back of this sheet, add energy uses not shown above. Then write at least one way your family can save energy at home.
