PURPOSE

Policies, rules, and fees are necessary for the operation of certain City of Escondido facilities to provide standards for the City's rental of facilities to the general public. This policy is intended to facilitate orderly processing of rental applications and to preserve the limited public forum status of the facilities. City-sponsored events are exempt from this policy. Responsibility for administering facility use is delegated to the City Manager and is executed by the Library and Community Services Department.

GENERAL POLICIES

1. Buildings, facilities, and equipment of the City of Escondido are primarily designed to accommodate the programs, activities, and meetings of various City Departments, the City Council, and City boards and commissions. Consequently, all City of Escondido uses shall have first priority. Facilities shall be made available to non-City groups on a first-come, first-served basis, and appropriate fees shall be assessed for all user groups. The City has not designated its rental facilities as a forum for unlimited expression by the general public.
2. Fees for the use of City facilities are established to recover operating and maintenance costs for their usage. Specific fees are listed within the attached subsections. Any facilities or equipment not specified may be assessed a reasonable fee. The fee will be determined after reviewing the request.
3. A refundable reservation/cleaning/damage deposit will be required by any person or group using City facilities and/or equipment. Any damage to equipment or to City facilities or parks shall be the responsibility of the person or group involved. All or a portion of such deposits may be withheld to further comply with established rules, following an inspection, if it is determined that the facility or park was not left in the condition that it was received. Should the cleanup/damage exceed the deposit fee, the group will be held responsible for paying the additional costs.
4. A Facility Use Application must be completed for all reservations of facilities. Only an individual 18 years of age or older can complete and sign a facility use application. Additional permits will be required for special events and/or alcohol service.
5. At all gatherings where attendees are under 18 years of age, one adult is required for every 20 youth in attendance, and must be present throughout the activity.
6. Groups must adhere to all City of Escondido municipal, police, and fire codes during the use of facilities.
7. Smoking is not permitted in City buildings, or within twenty feet outside per state code. In addition, smoking is not permitted between twenty feet and eighty feet from the entrance, exit, or operable window of a City-owned building if signs are posted at the specified distance from the building entrance that indicate such prohibition. No person shall smoke outside of a public place where a sign is posted prohibiting smoking in such area.
8. It shall be unlawful to possess a lighted or burning tobacco product or tobacco-related product at any time within the boundaries of any park, public open space, or trail; including designated parking areas of any such city recreational area.

9. In Kit Carson Park and Grape Day Park, dogs must remain on a leash at all times. In Dog Park, dogs must remain on a leash unless in a dog pen. No animals, except service animals, are permitted in any other City facilities or parks without specific authorization by the Department responsible for approving the permit.
10. Amplified music will be allowed with the written approval of Community Services. Request for use of amplified music must be submitted at the time an application for use is submitted. A Special Event Permit may be required dependent on reservation location. Groups are responsible for noise levels which shall not exceed a one-hour average sound level of 80 decibels at 50 feet from the noise source.
11. In addition to any permits required for usage of City facilities, a Special Event Permit Application may also be required. The Escondido Municipal Code defines a special event as the temporary use of public property, including but not limited to streets, sidewalks, parks, and lakes for the purpose of conducting a parade or other special enterprise, or any event which significantly impacts or substantially restricts the public's normal, typical, or customary use, level of use, or ability to use such property. An application for a Special Event Permit may be filed as early as 365 days before the event, but it must be received no later than 60 days before the proposed event date. A nonrefundable processing fee must accompany all applications to cover administrative costs. The processing fee is determined based on Escondido non-profit, non-profits outside of Escondido, or all other organizations.
12. Permission to sell/serve alcoholic beverages may be granted by the Director of Library and Community Services or Director's designee, with specific conditions outlined on the "Application and Permit for Use and Sale of Alcoholic Beverages" available at the Community Services desk. The request must be submitted a minimum of 60 days in advance of the proposed usage of City facilities. Permission will not be granted to sell/serve alcoholic beverages at events held in City Hall facilities during normal business hours.
13. Any business or individual conducting a commercial activity in City facilities and parks (i.e., vendors, caterers) is required to have an Escondido business license. If such activity is occurring as part of a group's approved usage of City facilities, the group is responsible for ensuring that a business license is obtained by the business or individual at least two-business days in advance of the activity.
14. Any usage of special equipment, including but not limited to air jumps, inflatable games, rock climbing walls or dunk tanks, in City parks or facilities may require special permits, liability insurance, etc. It is the applicant's responsibility to notify Community Services at least one week in advance of all such usage.
15. Groups utilizing City facilities may be required to provide liability insurance coverage naming the City of Escondido as an additionally insured party, and/or waivers signed by each participant. The additional insurance coverage and/or waivers must meet the standards established by the City Attorney.
16. Any group requesting permission to use any designated facility shall indemnify and hold harmless the City and their officers, employees, and agents from all liability or claim of

liability by reason of injury or damage to person (including death) and/or property occurring as a result of their use of said facilities.

17. No advertising or other public notice of a proposed usage of City facilities or parks shall occur without the approval of the facility use permit for the requested facilities and parks. Any advertising or ticket sales undertaken by the sponsor is undertaken at the sponsor's risk, should the application be disapproved.
18. Admission may not be charged to events scheduled in these facilities or for parking in city lots, nor shall there be auctioning games or selling of merchandise, goods, wares, or activities to raise money without the approval of the Director of Library and Community Services. This paragraph does not apply to the sale of items by a nonprofit organization to members within their own group.
19. Decorations, displays, and exhibits in conjunction with activities are permitted with approval of the Library and Community Services Department staff. Groups using facilities are solely responsible for providing display material, mounting, and removal of material following the activity.
20. Any temporary or permanent improvements, alterations, or modifications to City facilities require prior written approval by the City. These projects must conform to the established standards of the City and be processed through the appropriate City procedures.
21. Specific fees for the use of City facilities are included in this policy. Any facilities or equipment not specified may be assessed a reasonable fee based upon the intent of the fee schedule. The fee will be determined after reviewing the request.
22. The placement of any advertising, display, or sign within park areas requires approval by Library and Community Services Department staff. No banners, signs, flyers, or other advertising that may be detrimental to the public health, safety, or well-being, or which contain products not intended for consumption or use by minors of all ages shall be placed within a park area. This shall include such programs, activities, or products in any form, including organizational logos, characters, or product names. A list of all banners, signs, etc. that will be displayed during any event scheduled in park areas, including details of all pertinent information, shall be submitted to the Director of Library and Community Services or her Director's designee prior to the event. The use of the facilities shall be denied to an individual or group who abuses or violates regulations or engages in activities that disturb the operation of the City facilities.
23. The Director of Library and Community Services has the authority to consider a request for an exception to this policy. Requests for exceptions will be evaluated to determine if the request is reasonable in light of the purpose of the specific facility.
24. Under no circumstances will an application or permission be denied due to the viewpoint of speech disseminated by the applicant or the viewpoint associated with the proposed event.
