Comments The push from developers to reimagine our community is a constant and unrelenting force. But our elected officials like this Board and employees like Mr. Finestorm are obligated to to preserve our agricultural history. The San Pasqual Valley off of Highway 78 is a recognized agricultural and ecological preserve designated by the County in 1995. The tranquility and rugged rural setting is increasingly valued as development increases at its edges. Hidden Hills and other developments have been proposed for the Valley. Developers see the sweeping undeveloped hills and valleys and wish to build. But I say the price is TOO high to not just the Valley but to San Diego County. Construction will alter this valley through increased traffic, pollution, noise, and disturbance to the rural lifestyle. It is worthy of being preserved. And those who reside there currently are ADAMANTLY calling on this Board and City employees to PRESERVE IT. Say "NO" ONCE AND FOR ALL TO FURTHER DEVELOPMENT OF SAN PASQUAL VALLEY. Say NO to Hidden Hills.
