Comments

I'm writing to encourage the city to adopt AB1033 allowing the separate sale of ADUs from primary residences. San Diego, Carlsbad and Encinitas have all approved this state measure and Escondido should also adopt AB1033 to alleviate the housing affordability crisis impacting a generation of people who are locked out of home ownership. Thank you, Bruce McCreary

When is Escondido going to do something about all of the illegal fireworks that have been going off before and after the holidays this situation is really getting out of control and is a threat to our environment and to all of us residents who own animals I would like to see the city mail out a mass mailing to inform people of illegal fireworks and to impose huge fines and jail time if they are caught with them
