

WELCOME

WELCOME to the Scoping Meeting for the Villages - ECC Project proposal.

The overall purpose of this meeting is to kick-off the environmental analysis for the Project. Your feedback today will be used to guide how the Environmental Impact Report (EIR) will be prepared. Please visit the informational workshop stations, ask questions, and tell us what should be analyzed in the project

Step 1: Learn about the Project.

Step 2: Identify potential environmental impacts to you and the community

Step 3: Submit written comment. WE WANT TO HEAR WHAT YOU THINK!

WHAT TO EXPECT AT EACH STATION?

Station 1: Introductions. Identifies the purpose of the Scoping Meeting and about the CEQA process.

Station 2: Project Information. Learn about what is being proposed by the applicant.

Station 3: Topics Studied. Learn about the different areas of environmental study.

Station 4: Provide Input. Your voice counts.

WHAT THIS MEETING IS - AND WHAT IT IS NOT?

- This meeting is an informational open house. It is not a public hearing.
- This meeting is about the EIR process and areas of study. It is not a meeting to approve or deny the project.
- This meeting is informal. You can come and go at your convenience. There will be no presentations.
- This meeting helps start EIR-related work. There will be many more opportunities for the public to be involved before decisions are made on this Project.
